Subject: RE: GOV Reservation - Confirmation

Kim called Angela as she wanted to ensure there would be conference call capability as Kim cannot attend in person. Angela indicated she will be arranging for a conference call line and we may be able to have this conversation via call. I had said a while back to Angela that we should plan to meet face-to-face for this DEP/EPA meeting if DEP expected to be taking a different position that we reflected in our comments but that a call would likely work if we were in agreement. Angela told Kim that DEP is generally in agreement with EPA's comments so she expects that the Thursday discussion can be done by a conference call. I'll keep the car reservation for now in case. If we do a call, we can take it from my office. Thanks.

-Ginny

Subject: FW: GOV Reservation - Confirmation

I have reserved a GOV for the meeting this Thursday at MassDEP Lakeville - this is the EPA and State only meeting to discuss the Aerovox Phase III and prep for the meeting on the 8th that will include AVX and CoNB. As I understand it, Steve Wolf of the Corps and Mike Morris of Jacobs will also be attending for EPA. Let's meet under the clock at 8:30am. I have not yet reviewed the draft comments that Angela sent last week.

Ginny Lombardo, Chief
Remediation & Restoration II Branch
U.S. EPA Region 1 – New England
